The Mary Gates Endowment for Students expands opportunities for undergraduates by providing Leadership and Research Scholarships. Students are asked to articulate their educational goals outside of traditional classroom settings, identify mentors, reflect on their experiences, and actively engage in their own learning processes. Undergraduate students from all disciplines are encouraged to apply. Open to US citizens, permanent residents, international students and undocumented students.

**LEADERSHIP SCHOLARSHIPS**

Mary Gates Leadership Scholarships can foster your leadership development as you pursue a project or activity important to you and your community. In the application process, we ask you to articulate your own understandings of leadership, what you want to learn, and how the activity will support your learning goals.

**RESEARCH SCHOLARSHIPS**

Mary Gates Research Scholarships help you engage in a research project to discover, articulate, and contribute your talents and ideas with the guidance of a faculty mentor. You can deepen your involvement and understanding of a topic to engage in the intellectual endeavors of the University.

**EARN UP TO $5,000**

Most scholarships are $2,500 per quarter for two quarters to support your learning while you are engaged in a research or leadership activity.

*Applications for Leadership and Research scholarships are only accepted in Autumn and Winter quarters.
Applications for CoMotion Mary Gates Innovation Internships are accepted in Spring quarters.
